

CALLING ALL FEARLESS DEVELOPERS AND CYBERSECURITY ENTHUSIASTS!

JOIN US FOR SKILLSOFT'S SECURITY INNOVATION CYBER RANGE CMD+CTRL BOOTCAMP KICKING OFF JUNE 10TH!

Experience the thrill of real-world cybersecurity challenges like never before in the immersive CMD+CTRL platform.

Race against the clock, uncover vulnerabilities, and climb the leaderboard to emerge as the most well-respected white hat.

Hone your strategy with a kick-off presentation where you'll gain insider tips from seasoned hackathon veterans on navigating the battlefield.

Learn how to think like an attacker, master gameplay mechanics, and sharpen your skills in vulnerability analysis, exploitation, and mitigation strategies through tips and techniques sessions.

The real action starts with a **dive into** exclusive hacking challenges like Shadow Bank where you'll crack cryptocurrency transactions and Shred, where you'll show off your best work in the graffiti gallery or buy a gift card for the petty criminal in your life.

Mark your **calendars** – registration closes on June 10th at 10:00 AM sharp.

Don't miss your chance to join us for this **epic 2-day hackathon**, with 4 hours of intense cyber action each day.
